SSCM DOES NOT CARRY ANY MEDICAL OR HOSPITALIZATION INSURANCE. It is the responsibility of the sponsoring church, group or individual's family to obtain health/medical insurance. Sickness is the responsibility of the parents involved. Parent, camper or group member acknowledges that they have their own medical insurance and releases Sonshine Specialized Camping Ministries from any and all liability for the expenses of any medical care rendered, or the actions or inactions of SSCM related to seeking, or failing to seek, medical care. The parent and camper acknowledge that the campers are under the sole custody and control of the Church Group, Youth Group or Individual signing the SSCM Program Service Contract, and who are acting as the campers' guardians during the camp.

In the event that I cannot be reached in an emergency during the camp dates noted on this form, I hereby give my permission to the physician or dentist selected by my Group or SSCM to hospitalize, secure proper treatment, including injection, anesthesia or surgery for my child as deemed necessary by the physician. I authorize the supervising personnel to administer medical aid as required for illness or injury under a physician's order.

The parties to this registration agreement agree that any and all disputes will be litigated only in San Joaquin County and that the prevailing party is entitled to recover reasonable attorney fees.

Special Note - - Important!

Out of concern for the safety of children with special handicaps, (physical, mental or emotional), we require that you please take the following steps to cover such situations:

1. Call or write SSCM's registrar for a special permission form at least three weeks prior to camp

2. Complete and return the special form as soon as possible to enable a decision to be made on the advisability of the child's attendance.

If a handicapped child appears on SSCM boats without written authorization, the group or party bringing the child will be asked to return this child to his/her home. Please follow this procedure to save embarrassment and pain for the child, SSCM, and yourself.
